New Resident Form

Dear Resident / Business Owner,

Your Police Department maintains a resident file which is being updated and corrected on a daily basis. In this file, we keep numbers to reach you or a member of your family in case of an emergency. Also incorporated into this file is information relative to handicapped persons in the home and a capacity for listing your home as vacant when you are on vacation. All of this information is kept confidential for Police use only and will not be given out. Please complete the following information and return to the Police Headquarters at the above address.

All residents and business owners are also encouraged to register their contact information for the Borough of Roseland's CivicReady Emergency Alert system. To register online, go to **www.roselandnj.org/emergencyalerts**. You are required to have an email address in order to complete your registration. Once completed, you can begin to add content and select the information that you would like to receive.
